

PRESS RELEASE

SALE OF THE M50 NEW CONSTRUCTION

MONDO MARINE IS PLEASED TO ANNOUNCE THE THIRD SALE IN THE LAST 12 MONTHS.

The Italian Shipyard has signed the sale of the 50m semi-displacement Project M50.

This project is a collaboration with the Milan-based Designer 'Hot Lab Studio & Design'.

The M50, with aluminum hull and superstructure, features three decks and a spacious sundeck. The innovative look of this project follows Mondo Marine's traditional styling and heritage adding innovative design solutions that gives to the yacht's profile a flowing and appealing line enriched by the extraordinary color of the hull chosen by the Owner.

Like all Mondo Marine's construction structural, hydrodynamic and technical design for this 50-metre vessel was handled by Mondo Marine Engineering.

The delivery is due on the first part of 2016. She will be the 4th 50m delivered by Mondo Marine departing from the same hull project.

M50 – MAIN TECHNICAL DATA

EXTERIOR DESIGN: Hot Lab Yacht & Design

HULL: Light alloy

SUPERSTRUCTURE: Light alloy

LENGTH OVER ALL: 49.20 m - 161.40 ft

BEAM: 9.00 m - 29.52 ft

DRAUGHT: 2.30 m - 7.50 ft

ENGINES: 2 X MTU 16V 2000 M84

MAXIMUM POWER: 2 X 1,630 kW @ 2.450 rpm

RANGE AT 12 KNOTS: 3,500 nm

CRUISING SPEED: 17 kn

INTERNATIONAL GROSS TONNAGE: Under 500 GT

ABS CLASS REGISTER:  A1 Commercial Yachting Service,  AMS (E)

MONDO MARINE | The long-established Savona Shipyard was first set up in 1915 under the name of Campanella Shipyard (as the company was then known).

In 1978 Mondo Group created Mondo Marine that for from the original production in Alba of mid-sized yachts, in the early nineties moved to custom-made yachts over the 40 m. length in aluminium alloy and steel, transferring the shipyard to Genoa and later to the current Savona location (former Campanella's).

IN THE FIRST HALF OF 2013 MONDO MARINE S.P.A. WAS TAKEN OVER BY MR. ALESSANDRO FALCIAI AND MR. ROBERTO ZAMBRINI WHO OFFICIALLY SEALED THE ACQUISITION OF THE COMPANY'S BRAND AND PRODUCTION SITE ON MAY 30, 2013.

Following its tradition, Mondo Marine carry on designing and building ships at the Savona production site still offering full-cycle production right from the cutting of the hull plates all the way to completion. New Owners decided to set up MONDO MARINE MC in order to transfer the commercial and marketing duties from the long-established Savona shipyard to the prestigious location in Monaco, 8 Avenue des Lignes.

62 are the units built so far by Mondo Marine in addition to the number previously reached by Campanella Shipyard. During the last 8 years Mondo Marine delivered 10 yachts over 40m length and 6 over 50m including the well-known M/Y TRIBU', the first unit to be awarded Green Star certification by RINA.

In 2015 will be delivered the M60, first 60m yacht built by the shipyard, and the 40m SF40, in the 2016 the M50, all entirely in aluminum.
